BILL ALLEN PRESENTS

Bill Allen presented a large amount of information about the 2007 banner installation, including email documentation of install company, cost of brackets. There are 13 banners up currently, but also we would like banners on the Trafficway. Bill suggested selling the old banners as part of a fundraiser. Assure 10 banners available to donors at the \$100 level. Jeff Harms will spearhead the donations for banners. Honorable mention in the newsletter to those who can't contribute \$100, but contribute any amount. Have a donation jar at the Fall Picnic. Put more banners on trafficway/karnes fewer in the hood to maximize the impact of the banners/save some \$.

COMMITTEE REPORTS & ACTION ITEMS

- **PRESERVATION & PLANNING:**
 - Bill Allen says there is a leak in the water system somewhere around the St. Luke's project - there is a cesspool there now and whatever it is they need to take care of it.
